# BAPS - CASS 37

British Association of Paediatric Surgeons Congenital Anomalies Surveillance System

The national system to study the surgical management of a range of neonatal conditions – enabling national audit in neonatal surgery

## BAPS International Congress Amsterdam 2016

Several BAPS-CASS studies were presented at the BAPS International Congress in July.

Ian Jones presented 'The Management and Early Outcomes of Meconium Ileus Associated with Cystic Fibrosis in the UK and Ireland; A Prospective Population Cohort Study'.

Anna-May Long presented 'Oesophageal Atresia with No Distal Tracheoesophageal Fistula: Management and Outcomes from a Population-based Cohort'.

Ben Allin presented 'A Nationwide Cohort Study Describing Outcomes to One-Year Post-Intervention for Infants in the UK with Previously Surgically Managed Necrotising Enterocolitis'.

Kokila Lakhoo presented 'The BAPS-CASS Study on Surgical Necrotising Enterocolitis', in the NEC Symposium.

Abstracts of these talks can be found on the BAPS-CASS website:

Many thanks to all of the reporters who contributed to these studies.

### New study - Surgical Short Bowel

The new Surgical Short Bowel study is due to start 1st October. Please report any infant who, within the first year of life, has at least 90 days of continuous parenteral nutrition (PN) or who is judged to have a length of bowel incompatible with a life without PN. Please include all patients irrespective of whether they lived or died. This will include patients in whom a decision is made to withdraw active treatment.

Children who have, by one year of age, already had 90 days of parenteral nutrition or who have been judged to have a length of bowel incompatible with a life without PN will be included.

### Chocolate Box

Chocolates this month go to Ms Rebecca West from Sheffield Children's Hospital for help with the Gastroschisis and Exomphalos studies.

Many thanks from the  
BAPS-CASS team!

Thanks to the following hospitals who have returned **ARM** cards for **April, May and June 2016**:

Addenbrooke's Hospital, Cambridge  
 Alder Hey Children's Hospital, Liverpool  
 Birmingham Children's Hospital, Birmingham  
 Bristol Royal Hospital for Children, Bristol  
 Evelina Children's Hospital, London  
 Glasgow Royal Hospital for Sick Children, Glasgow  
 Great Ormond Street Hospital for Sick Children, London  
 Hull Royal Infirmary, Hull  
 John Radcliffe Hospital, Oxford  
 King's College Hospital, London  
 Royal Aberdeen Children's Hospital, Aberdeen  
 Royal Alexandra Children's Hospital, Brighton  
 Sheffield Children's Hospital, Sheffield  
 St George's Hospital, London

The Children's University Hospital, Dublin  
 Chelsea and Westminster Hospital, London  
 Edinburgh Royal Hospital for Sick Children, Edinburgh  
 Leeds General Infirmary, Leeds  
 Queen's Medical Centre, Nottingham  
 Leicester Royal Infirmary, Leicester  
 Royal London Hospital, London  
 Norfolk & Norwich University Hospital, Norwich  
 Our Lady's Hospital for Sick Children, Dublin  
 Royal Belfast Hospital for Sick Children, Belfast  
 Royal Manchester Children's Hospital, Manchester  
 Royal Victoria Infirmary, Newcastle-upon-Tyne  
 Southampton General, Southampton  
 University Hospital of Wales, Cardiff

Returned all three cards. Returned two cards. Returned one card. No Cards Returned.

Thanks to the following hospitals who have returned **Duodenal Atresia and Stenosis** cards for **April, May and June 2016**:

Addenbrooke's Hospital, Cambridge  
 Alder Hey Children's Hospital, Liverpool  
 Bristol Royal Hospital for Children, Bristol  
 Evelina Children's Hospital, London  
 Glasgow Royal Hospital for Sick Children, Glasgow  
 Great Ormond Street Hospital for Sick Children, London  
 Hull Royal Infirmary, Hull  
 John Radcliffe Hospital, Oxford  
 King's College Hospital, London  
 Royal Aberdeen Children's Hospital, Aberdeen  
 Royal Alexandra Children's Hospital, Brighton  
 Royal Belfast Hospital for Sick Children, Belfast  
 Southampton General, Southampton  
 St George's Hospital, London  
 The Children's University Hospital, Dublin

Birmingham Children's Hospital, Birmingham  
 Chelsea and Westminster Hospital, London  
 Edinburgh Royal Hospital for Sick Children, Edinburgh  
 Norfolk & Norwich University Hospital, Norwich  
 Queen's Medical Centre, Nottingham  
 Royal Victoria Infirmary, Newcastle-upon-Tyne
